

UJA LEADership LABS

LEADership Labs is a program for UJA Young Leaders (in their 20s to early 30s) focused on developing transferable philanthropic leadership skills to use within UJA-Federation and beyond.

Labs participants will understand UJA's impact locally and globally, meet like-minded peers, learn from professionals about important issues facing the Jewish community, and gain insights into effective philanthropic leadership.

The Labs experience will help rising leaders discover and pursue their philanthropic interests within UJA and the greater community.

➤ HIGHLIGHTS

Interactive leadership development and skill-building workshops led by experts in the field

Jewish learning

Cohort experiences such as Shabbat dinners, volunteering, happy hours, and site visits

➤ EXPECTATIONS OF COHORT MEMBERS

Participants must actively engage with UJA and the Jewish community

A gift of \$365 or more to UJA's annual campaign

Attendance at 5 – 6 mandatory sessions
