INTRODUCTION

UJA-Federation of New York aspires to help in the building of a better world.

Throughout the eight counties, in Israel, and across the globe, we use our resources to support organizations that share this vision and whose teams work tirelessly toward the goal of realizing the full potential of individuals, families, and communities. The past few years have challenged this network and required all of us to think, act, and grow in new and different ways.

While we have always been rigorous in measuring and evaluating the impact of our investments, some things can only be learned in the aggregate. This grants book is the record of our collective achievements, but each grant listed is interesting on its own — and represents tremendous inspiration, breadth, and depth of commitment and creativity. As you read, please take the time to reflect on the greater story, a complex narrative in which we all have a part. Whether we write a check, donate our time, or contribute our wisdom, our Jewish community simply does not exist without each one of us showing up. Wherever you live, whatever your journey, however you are connected, this network depends on your willingness to sit in this big, boisterous, and sometimes messy tent that is the Jewish community of New York. We may not always agree. We may not always have adequate appreciation for each other. But our futures are inextricably linked.

We present this grants book with deep pride and gratitude. We also share it with great hope that you will see yourself here and recognize that you stand unique as well as alongside many others who share the dream of a more caring, connected, and complete community. If something or someone is missing, perhaps this book will be the inspiration they need to make next year their year to participate.

WHAT WE DO AND HOW WE DO IT

As always, UJA is represented by teams of volunteers and staff who showcase the rich diversity of Jewish life. Together, we work from organizational priorities that determine the path for how and what we fund. We're also committed to hearing from nonprofit staff and academics, community members, and the clients we help. We collect and analyze information that helps determine the best way to make real progress and to understand how to make the greatest impact. In the grant year 2022 – 2023, UJA distributed **\$160,594,000**. This includes **\$61,716,000** in unrestricted grants to a network of more than **62 core partners** plus **\$87,462,000** in strategic, directed grants and **\$11,416,000** in emergency Ukraine-and Crisis Response-related grants to longstanding institutions, grassroots organizations, synagogues, day schools, and other eligible nonprofit organizations.

THAT'S HOW WE KEEP MOVING UPWARD THIS YEAR — AND EVERY YEAR.

As we publish this account for the past year of grantmaking, UJA is actively addressing and supporting the needs of Israelis in the wake of the attack on October 7, one of the darkest days in modern Israeli history. UJA has mobilized the entirety of our nonprofit network to provide help and fill gaps as they arise. Details of those grants will be reported in next year's Report of Grants.
