UJA-Federation of New York's *Inside Our Grants* is a comprehensive record of the funding we allocated in the 2017 – 2018 fiscal year. The publication of this volume reflects our commitment to the highest degree of programmatic integrity and fiscal transparency.

The work of UJA is far larger than the grants we give. However, our annual allocations reflect our overall mission and are an important indicator of how that mission is realized in the community. Each year, hundreds of volunteer leaders and professionals review communal needs and, in close relationship with frontline nonprofit partners, make funding decisions that lead us to achieve the greatest impact. The challenges we face are not easy. We pursue systemic resolutions that are long term and transformative. This requires us to stay both focused and flexible, intently maintaining our goals while also willing to test new models and pursue innovations.

The annual publication of this book is also an important moment to celebrate our commitments and our ongoing relationships with the community-based nonprofits that share our vision for today and tomorrow. At our core, we are driven by our abiding mission to care for Jews everywhere and New Yorkers of all backgrounds, respond to crises close to home and far away, and shape our Jewish future in New York, in Israel, and in nearly 70 countries around the world. We are acutely aware that none of this would happen without our organizational partners.

This book details the restructuring that took place within our planning and allocations departments and a rejuvenated idea of how we define our networks. These changes are the result of our efforts to be more deeply present in the neighborhoods and communities where people live, gather, and connect. Thanks to this reorganization, we now represent a more dynamic, flexible network that's ready and responsive.

We're proud of our tradition of careful stewardship of our donors' dollars. UJA's founders created a system that not only stood the test of time, but also shaped the times. Today, the grants reflected in this book — individually and collectively — are shaping the future of our collective story.

WHAT'S IN THIS BOOK?

What We Do — and How We Do It

At UJA, we identify and meet the needs of New Yorkers and Jews everywhere. Our abiding mission guides our work, and our ongoing research exposes unmet needs, helping us to determine where our resources will have the greatest impact.

We begin by working with teams of volunteers and staff that represent the rich diversity of Jewish life. Together, we work from organizational priorities that determine the path for how and what we fund. We also listen to diverse voices within our community — from nonprofit staff and academics to volunteers and the clients we help — to best understand how to make the greatest impact on the community. And as a result of our team's expertise and reach, we're poised to help if emergency strikes.

In 2017 – 2018, UJA-Federation of New York distributed \$139,165,261. This includes \$66,913,632 in unrestricted grants to a network of 73 core partners and \$72,251,629 in strategic, targeted grants to longstanding institutions, grassroots organizations, synagogues, day schools, and other eligible nonprofit organizations.

That's how we change the lives of 4.5 million people a year.

What's in This Book?

We divide this report into three sections:

1. GRANTS BY ISSUE AREA

We begin with a helpful overview and grantmaking highlights from individual funding bodies and include a full list of volunteer leaders and professional staff dedicated to our work.

2. GRANTS BY AGENCY - SUMMARY

We summarize UJA-Federation funding to individual nonprofit partners or grantees. A chart reports the full funding amount that we've given any specific agency, including core operating dollars and any targeted grants.

3. GRANTS BY AGENCY — FULL LISTING

We detail grants awarded to individual agencies, including a list of grants by name and the full funding amount. This listing offers the most complete representation of the work we fund.

JEWISH Communal Network

UJA-Federation supports a network of 73 core partners and hundreds of nonprofits. Large and small, they are the heart of our collective power. This strong, sustainable, and connected ecosystem maximizes the impact of UJA's mission and work on the ground.

The Network Department combines core operating funding, supportive block grants, and targeted capacity building to develop organizational excellence, maximize working together, and ensure that our network of nonprofits highly aligns with our mission. Our funding and policy decisions are informed by data, and we carefully oversee and assess performance and management.

Historically, our network model has reflected a binary system, whereby organizations are either "in the network" — receiving an annual core operating support grant — or recipients of targeted grants. Today, our new model taps into four categories of organizations within our network. Each category is strategically important, conferring a range of benefits and responsibilities to UJA and others in the ecosystem. This model strengthens partnerships and expands our network of relationships, opening the door for greater, more profound, innovation and collaboration.

CORE PARTNERS

Core partners most strongly align with our vision and are our force in the community to realize our mission. As "good citizens" of UJA's network, our core partners share our values and hold leadership roles both in the public and among their professional peers.

STRATEGIC ALLIES

Strategic allies specialize in a unique area of need, expand UJA's reach, and serve as force multipliers to amplify our ability to tackle pressing challenges in the community. Our relationships with these agencies help us develop nimble approaches to realizing our mission in the community.

TARGETED GRANTEES

Targeted grantees solve specific problems through programming, specialty projects, and research and development. Opportunities are available based on communal and organizational needs.

COMMUNITY CIRCLE

Community Circle organizations align with our mission and welcome partners who bring knowledge and expertise to our community table. Participating in UJA events and programs, they are recognized as meeting local needs.

Total number of grants awarded in FY 2018: 188 Total dollar amount awarded in FY 2018: \$37,739,957

OUR NETWORK – LARGE AND SMALL – IS THE HEART OF OUR COLLECTIVE POWER.

Jewish Communal Network

JEWISH LIFE

The Jewish Life department increases opportunities to explore the diversity of Jewish experiences and community in New York, in Israel, and around the world. We value and nurture our rich and varied traditions and heritage, and we look for opportunities to advance Jewish practice through models that are inspirational, innovative, and welcoming. Our work encourages deep, meaningful experiences that build bridges and relationships through mutual respect, understanding, and responsibility among Jews and their neighbors.

The Jewish Life department also builds and strengthens community infrastructure by investing and developing leaders, building the capacity of key organizations, and fostering collaboration among organizations.

Jewish Life's priorities reflect our efforts to encourage growth and change in specific regions and content areas.

PRIORITY 1: JEWISH LIFE IN NEW YORK

Service has been the center of Jewish life for centuries. Recognizing how critical this core value is for our community, our work in New York strengthens the field of Jewish service by building action-oriented coalitions. We support projects that demonstrate the Jewish commitment to repairing the world through grassroots community organizing and demonstrate the power of Judaism and the collective.

We also understand that immersive Jewish experiences are a proven and powerful catalyst for personal transformation and developing connections to community. We support these immersive and holistic Jewish experiences for people of all ages, families, and peer groups - and celebrate access to vibrant Jewish life, regardless of gender, sexuality, race, or ethnicity.

PRIORITY 2: JEWISH LIFE IN ISRAEL

Our dream of a Jewish state includes a society where everyone who lives there feels at home. The vitality and vibrancy of Jewish life is an important and unique characteristic of Israel that we support and nurture.

Jewish Life nurtures, expands, and advocates pluralistic expressions of Judaism, promoting a more socially cohesive society in Israel.

We work with Israelis to bring together diverse segments of Israeli society to work toward common goals. And we support expressions of Judaism that powerfully connect Israelis to their Jewish roots, even if they challenge the status quo.

PRIORITY 3: GLOBAL JEWISH COMMUNITIES

The fall of the Iron Curtain brought on a renaissance of Jewish life in Europe and the former Soviet Union, and we work hard to nurture and promote this effort. We're fostering proud, self-sustaining Jewish communities around the world that vibrantly embrace Judaism in all its plurality, and whose members are strongly connected to their Jewish identity, the State of Israel, and the Jewish people.

UNIQUE 21ST-CENTURY LENS ON THE JEWISH JOURNEY.

CARING

OVERVIEW

The Caring Department recognizes that at any point, anyone can experience challenges that come with poverty, aging, grief, special needs, mental illness, or the end of life. Our work is guided by the core Jewish values of collective responsibility and *tikkun olam*, which we demonstrate through building community and promoting volunteerism. We also recognize that where there's strong Jewish community, all components of Jewish life are strong. Finally, we believe in a fair and inclusive Israeli society in which all citizens have equal access to opportunities that strengthen Jewish community worldwide.

PRIORITY 1: MOVE PEOPLE FROM CRISIS TO STABILITY.

Many people just get by from month to month, unable to afford escalating food prices, rent, medication costs, and other essentials. This struggle puts them at risk of such crises as eviction and food insecurity.

For those experiencing financial difficulties, we're ready with a full continuum of concrete services so that they can meet their basic life-sustaining needs and attain greater stability. Once they're stabilized, we offer a pathway toward self-sufficiency for those who are able to work, including access to job readiness, employment, and small business development services. This past year, we launched three digital food choice pantries, enabling individuals to select food that reflects and respects their personal preferences.

PRIORITY 2: MOVE INDIVIDUALS FROM ISOLATION TO INCLUSION AND RESILIENCE.

Suffering takes many forms: the challenges of end of life, mental illness, or a loved one's dementia; grappling with fertility challenges; struggling to care for a loved one with special needs; or feeling excluded because of a disability.

We promote communities that reduce stigma, encouraging people to come forth and get help. We also ensure that the services they need are readily accessible, wherever they are. In so doing, we help individuals feel less isolated, become more resilient, and achieve their full potential.

PRIORITY 3: ADDRESS COMMUNITY CHALLENGES THROUGH STRATEGIC VOLUNTEERISM.

Our community faces many challenges, and nonprofits provide extraordinary services to people in need. However, the demand for care is always greater than available resources.

We believe that volunteerism is a powerful strategy that amplifies our ability to address highpriority community needs while building a caring Jewish community. Through our Jewish Service Enterprise Initiative, we help agencies create a holistic vision for volunteerism and provide the resources to realize this vision.

PRIORITY 4: STRENGTHEN AT-RISK JEWISH COMMUNITIES AROUND THE WORLD.

We provide resources to strengthen at-risk Jewish communities worldwide. To meet the ongoing human-service needs of vulnerable Jews, we're developing new strategies and encouraging new pilot models that help Jewish communities receive the support and care they require.

Our resources build robust and resilient Jewish communities, ensuring the capacity and infrastructure to respond to acute or chronic challenges and care for and support their members in times of distress.

PRIORITY 5: ADVANCE MARGINALIZED POPULATIONS IN ISRAEL.

All Israelis should be able to participate fully in Israeli society — and those who are marginalized should have opportunities to reach their potential and achieve social mobility. We're reducing barriers and increasing possibilities to level the playing field, creating pathways of inclusion for those on the margins and increasing access to educational, employment, and economic opportunities to promote economic mobility. Our work is primarily focused on the Arab and Haredi community.

COLLECTIVE RESPONSIBILITY

UJA IN THE COMMUNITY

UJA develops our most innovative approaches to emerging issues by collaborating with people in the community who share our passion for solving problems. We strive to be nimble, inclusive, and innovative so that we can meet the rapidly evolving needs of a dynamic, fast-changing community.

To stay on the leading edge, we experiment with new models of investment and service, including venture funds and special initiatives, giving circles, and geographically focused efforts in Brooklyn, in Westchester, and on Long Island.

We identify gaps that, if filled, could increase vitality and stability in organizations at the center of Jewish life. These opportunities are created to pursue new areas of investment and quickly organize locally and regionally to address emerging challenges.

In FY 2018, we underwent a process to increase our impact on the ground by consolidating our direct services (Synergy, Wiener Center for Leadership and Learning, and elements of Time for Good) and deploying community-based planners and mobilizers in Brooklyn, in Westchester, and on Long Island with local lay advisories (the next iteration of the Long Island and Westchester Program Services Cabinet).

This new effort, called Community LAB, will partner with individuals and organizations to meet ongoing and emerging needs in the Jewish community. Community Lab will mobilize resources, activate networks, and strengthen organizations to help communities thrive.

IN BROOKLYN

Thanks to the rapid growth of the Jewish community in North and Brownstone Brooklyn, our regional team is on the ground, experimenting with models of community organizing that build on the momentum of Jewish life — and build relationships across the northern part of the borough.

DAY SCHOOL CHALLENGE FUND

Strong Jewish day schools and yeshivas are key to developing the next generation of Jewish leadership. That's why we focus on the communal challenge of transdenominational day school sustainability through our Endowment Challenge Fund.

JEWISH LIFE ON CAMPUS

With nearly 30,000 Jewish students on campuses in our community, we are deeply vested in providing meaningful Jewish experiences in this time of growth and learning. With an overarching vision for UJA's work on campus, we generate funds and creative solutions to meet pressing oncampus issues.

KEHILLAH

The New York Jewish community is large and diverse, reflecting an abundance of religious affiliations, ethnicities, and cultural backgrounds among many segments. Kehillah looks for meaningful and creative opportunities to bring together the Jewish community while understanding that there can be unity without uniformity. Together, we are a people with a shared history — and a shared destiny.

LONG ISLAND PROGRAM SERVICES

Our regional office works with Jewish institutions on Long Island. Through local allocations, we seed innovative programs and initiatives that address the specific needs of the Long Island Jewish community.

SHITUF

Our work in Israel helps all Israelis by providing human services, bridging diversity, and fostering cultural Jewish life. Shituf is a unifying umbrella that ensures this diverse portfolio is connected to a shared vision and stimulates new initiatives that foster social cohesion.

SYNERGY

Synagogues provide the Jewish community with a place to gather, share traditions and core values, and feel connected to the past and inspired for the future. SYNERGY provides best-in-class training opportunities, congregational coaching, and cutting-edge research to help synagogues thrive as meaningful hubs of Jewish life.

TIME FOR GOOD

Living a life of shared responsibility is a core Jewish value. This initiative creates a new framework to address the community's most pressing challenges through volunteerism, inspiring and enabling Jewish New Yorkers to discover meaningful ways to make a difference.

THE UJA LAB

The UJA Lab joins together years of experience and an entrepreneurial spirit to offer innovative solutions to emerging needs and challenges that require a rapid response within UJA and the broader Jewish community.

VENTURE FUNDS, GIVING CIRCLES, AND SPECIAL INITIATIVES

UJA understands that because of size and complexity, our standalone planning and resource departments may not be able to address all issues. Our venture funds and giving circles offer the opportunity to pool philanthropic resources and grant funds to focus on areas of need. In unique cases, UJA's executive leadership approves grants for special initiatives.

WESTCHESTER PROGRAM SERVICES

Our regional office advances the Westchester Jewish community's efforts to address emerging and ongoing needs through innovation, collaboration, and creative connections.

WIENER CENTER FOR LEADERSHIP AND LEARNING

We believe that the Jewish community needs skills, passion, and knowledge to lead us into the next phase of Jewish communal life. The Wiener Center offers workshops and programs, leadership education, Jewish learning, and other resources to promote and develop lay and professional excellence in the New York Jewish communal system.

NATIONAL & INTERNATIONAL

OVERVIEW

Outside of New York, UJA-Federation of New York is committed to strengthening Israel and supporting Jews around the world. We work closely with our two largest overseas beneficiaries and a consortium of national partners to extend our reach far into the national and international scene.

The Jewish Agency for Israel is our official link among the Jewish state and Jewish communities everywhere. Globally, the Jewish Agency cultivates meaningful engagement with Israel, facilitates aliyah, revitalizes Jewish communities in the former Soviet Union and Central Europe, and empowers the next generation of European leaders.

The American Jewish Joint Distribution Committee (JDC) improves lives and builds connected Jewish communities in nearly 70 countries around the world. JDC works to alleviate hunger and hardship, especially for the poorest and most disadvantaged Jews in the world; rescue Jews in danger; create lasting connections to Jewish life; and provide immediate relief and long-term development support for victims of natural and man-made disasters.

CRISIS AND Recovery

OVERVIEW

Natural disasters, terror, violence, and hatred shatter millions of lives each year. But our essential relationships with hundreds of nonprofits worldwide enable us to guickly, efficiently, and compassionately respond to these global crises.

In the fall of 2017, we experienced large-scale environmental catastrophes in quick succession. Hurricane Harvey wreaked havoc on Houston and surrounding communities in Texas. Families and communities were devastated and even today are struggling to return to a semblance of normal. Hurricanes Irma, Jose, and Maria took a terrible toll on the people of Puerto Rico and the Caribbean. For weeks, millions lived without power, had minimal access to food and water, and suffered unmet medical needs.

In responding to the needs of individuals and communities affected by these natural disasters, we worked in close partnership with the Jewish Federations of North America (JFNA). We are active members of JFNA's Emergency Committee and Jewish Voluntary Organizations Active in Disaster (JVOAD).

HOUSTON AND THE SURROUNDING AREAS

Within days of Hurricane Harvey, working closely with JFNA, UJA provided emergency relief for Houston, Beaumont, Galveston, and Port Arthur. UJA senior staff members traveled to Houston to assess damage, share expertise gained during Hurricane Sandy, and provide logistical support. Our funds helped the Jewish community cope with both immediate and long-term needs. We provided cash assistance, scholarships for families of early-childhood students, vans for senior transport, and meal-prep equipment for the Meals on Wheels program. We also supported relocation costs for a day school and early-childhood center, relocation costs for congregations for High Holiday services, scholarships for summer camp and Israel trips, and case management and trauma relief through the Israel Trauma Coalition.

PUERTO RICO AND THE CARIBBEAN

In partnership with the Afya Foundation and Greater New York Hospital Association, UJA dispatched 29 flights and a cargo ship loaded with 100,000 pounds of lifesaving supplies.

Working closely with the Jewish communities in Puerto Rico and St. Thomas, we directed resources to areas of extreme need. We provided cash assistance and arranged for the shipment of 200 generators. We delivered humanitarian aid to the poorest areas outside of San Juan and prescription medications to hospitals and medical clinics throughout the island. We delivered a full cargo load of supplies to the Schneider Regional Medical Center in St. Thomas. We provided a foster home with clothing and fresh sheets for their residents and helped rebuild their playground. And we provided the historic Hebrew Congregation of St. Thomas with funds to support its congregants' recovery and repair and rebuild its infrastructure to withstand future damage.
