# INTRODUCTION

**“Actions speak louder than words”** is a familiar saying. In Jewish life, this belief is reinforced across generations and through multiple texts and teachings. While our faith matters, it is the application of that faith — the real world doing — that is always the priority. The wisdom that endures is the wisdom of good deeds.

**This book is the record of philanthropic activity for the New York Jewish community over the last 12 months.** It is inspiring and breathtaking to reflect on the breadth and depth of commitment reflected in these pages. From Israel to Ukraine, and across New York, the geographic sweep mirrors the expanse of our communal embrace. It does not matter where someone lives, or the reality of their landscape; the UJA community does its best to show up with supports and opportunities that reaffirm individual dignity and collective strength. Behind

each grant title is an entire ecosystem of lives that are forever changed by the abiding commitment of the UJA philanthropic community.

**The point of this book is to create a record of accomplishment.** And while we can be inspired by what we read here, we cannot be satisfied. There is still too much brokenness, still too many longing to belong, still too much desire to be meaningfully and purposefully engaged with each other and the larger world. **Even as we are grateful for what is represented in this volume, we recommit to ensuring that future editions reflect greater and greater progress, reflecting actions that change the world in ways large and small.**

We cannot always see the results of our doing. Here it is. **Let this book remind us of the power of collective action. Let us be proud but not complacent.**

**WHAT WE DO**  
AND HOW WE DO IT

**As always, UJA is represented by teams of volunteers and staff who showcase the rich diversity of Jewish life.** Together, we work from organizational priorities that determine the path for how and what we fund. We're also committed to hearing from nonprofit staff and academics, community members, and the clients we help. We collect and analyze information that helps determine the best way to make real progress and to understand how to make the greatest impact.

In the grant year 2024 – 2025, UJA distributed **\$277,456,000**. This includes **\$63,269,000** in unrestricted grants to a network of more than **62** core partners, plus **\$111,149,000** in strategic, directed grants and **\$103,038,000** in emergency Israel support, and Ukraine-and crisis response-related grants to longstanding institutions, grassroots organizations, synagogues, day schools, and other eligible nonprofit organizations.
